Mayor James Richetelli
Milford City Hall
Milford, CT 06460

Dear Mayor Richetelli:

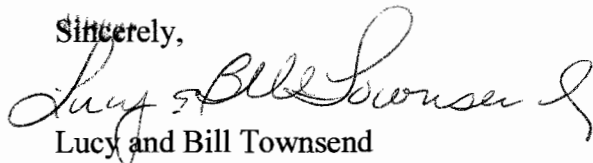

A large old Elm tree had been dying for a about year. We were greatly concerned because it created a hazard of falling branches and we were worried that someone might be hurt.

Numerous calls to various departments fell on deaf ears until I called our Alderman Paul Beckwith. He assured me that the situation would be taken care of and he wasted no time bringing it to your attention.

A short period thereafter the Public Works Department arrived and removed the old Elm tree. It was sad to see the tree come down after we had admired it for many years.

We wish to thank you, Alderman Paul Beckwith, and the Public Works Department for their prompt consideration and a job well done.

Sincerely,

Lucy and Bill Townsend
